

Memorial Hospital Alumni Society's Web Community Privacy Policy

Sharing of Information

Some personal information is needed to use Memorial Hospital Alumni Society's Web Community. It will be used to provide services for you, e.g., to find and contact fellow alumni and/or allow fellow alumni to find and contact you for referrals or consultations. As a matter of policy, except where you are expressly informed otherwise, we do not sell, rent, share, trade or give away any of your personal information.

Memorial Hospital Alumni Society licenses this site from Golden Parachute Inc. Golden Parachute Inc. senior personnel have access to your personal information for the sole purpose of providing this service. Golden Parachute Inc. will not sell, rent, share, trade, or provide your information to anyone other than authorized personnel of the Memorial Hospital Alumni Society.

This site provides each member with tools to control which personal information will be displayed in the online community. Each Member will be asked to complete a Member Profile during site registration, which contains personal information about the Member. Members are free to update this information at any time using the Member Profile Tools found within the site.

Although Memorial Hospital Alumni Society is committed to ensuring the privacy of its Members, Memorial Hospital Alumni Society will not be responsible for any damages resulting from the misappropriation of information contained on the Web site, or the misuse of the Online Community.

Cookies

A "cookie" is a small string of characters that is sent to your computer when you visit a Web site, some cookies are written as text files, others are stored in your computer's memory. This sites uses cookies to maintain your session. The session allows you to navigate throughout the site without having to log on each time you change pages. Your session will expire after either 60 minutes of inactivity, or when you close your Web browser. The cookie we set is temporary and not stored on your computer.
